50 CENTS PER MONTH

## ONE WELL IS \$1,000,000 EXACTLY

Sleeper More Than Doubles As-  
sessment on Property of  
Birch Oil Co.

## THE IRVINE RANCH IS GIVEN A RAISE

Soldier Exemptions in County  
Total \$205,150—Road Dis-  
trict Increases

A study of the assessment rolls turned over yesterday by County Assessor James Sleeper to the county board of equalization brings to light a number of interesting features. Among these is that Orange county has the most valuable oil well in the world. That well is assessed for exactly \$1,000,000.

This well is the great well that belongs to the Birch Oil Co., brought in when the present owners were operating under the name of the Menges Oil Co.

County Assessor Sleeper more than doubled the assessment of the Birch Oil Co. this year. Last year the total assessment of that company was \$512,845. This year the total is \$1,119,829. The latter total is made up of \$1,000,000 for the big well, \$100,000 for twenty acres of land and \$19,829 for other wells. The big well would have been assessed higher were it not for the element of chance in an oil well. It might quit flowing and become a pump well, which would greatly reduce its value.

**Biggest Taxpayer**  
As shown by the rolls, the Irvine Company is by far the biggest taxpayer in Orange County. The assessment upon the property of the Irvine Company is now \$3,936,020. There has been a tremendous raise in the assessment of the big ranch since 1910, for in that year the company's total assessment was \$1,425,789. Since then \$1,610,240 has been added, making the present total \$3,936,020. About \$750,000 was added this year by Assessor Sleeper. The greatest gain is in the Delhi and San Joaquin road districts.

**Soldier Exemptions**  
The total assessment, as reported by the Register, for the county is \$44,456,295, an increase of \$5,113,370 over the 1912 total. These figures include operative property, personal property, real estate, improvements—in fact, all classes of property, but does not include the soldier exemptions and railroads assessed by the state. Last year the railroad assessment totaled \$3,184,588.

Soldier exemptions in this county reach a total of \$205,150. Sleeper estimates that about 500 old soldiers and widows of old soldiers are represented in the exemptions. The exemptions footed up by cities follows: Huntington Beach, \$9,500; Orange, \$35,400; Fullerton, \$7,600; Anaheim, \$10,000; Santa Ana, \$85,355; Newport Beach, \$5,560.

**Collections**  
The assessor's office this year just about doubled its collections over the collections of 1910, and still has about \$2000 more to secure from poll taxes. In 1910 the assessor's office secured from personal property collections the sum of \$14,038.68 and from poll taxes \$12,630; total, \$26,668.68. This year the personal property collections reach \$37,249.11 and the poll taxes so far are \$14,390; total, \$51,639.11. That is more money turned into the county than was ever before turned in by a county assessor in this county.

In the tabulated statement printed yesterday the road district comparisons were made. The totals of last year as shown in that table included personal property assessments, while the totals for this year showed no personal property. The following statement shows the increases and an occasional decrease by road districts, without taking into consideration the personal property assessments:

Santa Ana City—\$5,631,215; increased \$173,175.  
Orange City—\$1,547,330; increased \$93,645.  
Newport Beach City—\$756,920; increased \$3,120.  
Anaheim City—\$1,296,340; increased \$71,740.  
Fullerton City—\$2,680,165; increased \$33,725.  
Huntington Beach City—\$861,430; decreased \$1,455.  
Stanton City—\$629,610; increased \$22,385.  
The road district assessments nearly all show increases, as follows:  
Fullerton—\$3,740,705; increased \$709,040.  
Anaheim—\$1,162,225; increased \$80,605.  
La Habra—\$3,061,065; increased \$402,115.  
Bolsa—\$390,765; increased \$50.  
Garden Grove—\$1,021,020; increased \$28,595.  
Los Alamitos—\$1,352,970; decreased

## At Centenary Perry's Entry; Witnessed It

ERIE, Pa., July 8.—Mrs. Eliza Werner, aged 103, rode in an automobile at the head of the parade celebrating Commodore Perry's entry into Lake Erie a hundred years ago, to build ships with which he defeated the English fleet. She is the only living person who saw Perry's arrival.

## Bulletins of News Hot from the wire up to 3:30 p. m.

## THE WEATHER Fair tonight and Wednesday; light west winds.

**BRIEF**  
**Honor Memory**  
**Of Admiral Porter**  
WASHINGTON, July 8.—Services commemorating the birth of 101 years ago today of Admiral David B. Porter, who won fame during his sixty-two years of service in the United States navy, were held here today. He died in February, 1891.

**Celebrate Centenary**  
**Of Perry's Lake Victory**  
ERIE, Pa., July 8.—Today was Children's Day in the 100th anniversary ceremonies commemorating the defeat of the British on the Great Lakes by Commodore Perry. Nearly twelve thousand children from the schools of Erie were in line. Each school had its own float drawn by boy pupils.

**Investigating Charges**  
**Against Supreme Justice**  
ALBANY, N. Y., July 8.—Formal charges that Supreme Court Justice Cohalan did not adhere strictly to judicial ethics, were inquired into today when the legislature started its investigation. It was generally believed today that Justice Cohalan will be exonerated by the legislature, which is strongly made up of Tammany members.

**House Considering**  
**The Currency Bill**  
WASHINGTON, July 8.—The House banking committee today began consideration of the currency reform bill. Chairman Glass said he planned to report the final draft on August 4. It will probably be the middle of August before the House takes up the measure. Many "opposition" bills are expected.

**Several Badly Burned**  
**In Los Angeles Fire**  
LOS ANGELES, July 8.—Mrs. Maria Hernandez, aged 28, was perhaps fatally burned, and three Mexican men seriously burned in a fire following a gasoline explosion in a Mexican lodging house at daylight this morning. The woman was rescued in an unconscious condition by lodgers.

**Run Continues**  
**On the Kuhn Banks**  
PITTSBURGH, July 8.—Despite the Treasury Department announcement that its condition is sound, the run starting yesterday on the Pittsburgh bank for savings continued today. The bank is controlled by the Kuhn interests, owners of a majority of the stock of the First-Second National, which closed yesterday.

**Rabbi Zister, Famous**  
**Recently, Dead in Minneapolis**  
MINNEAPOLIS, July 8.—Rabbi Max Zister, prominent in the Zionist movement and the Jewish activities abroad, died at the home of relatives here Sunday night. He was 53 years old.

**Mellen Resigns**  
**From Boston and Maine**  
BOSTON, July 8.—The board of directors of the Boston and Maine railroad today accepted the resignation of Charles Mellen as president. The road is controlled by the New York, New Haven and Hartford.

## S. A. V. I. CO. BULLETIN

Water is in ditches CC, AA, E and F, and reached the Finley ranch in Hedges ditch today. Water was in ditches G, GG and Snow this morning. Water started at the head of Travis ditch today and will start in Travis ditch below the pump line Wednesday morning.

\$33,390.  
Buena Park—\$964,390; increased \$16,770.  
Orange—\$1,616,620; increased \$50,420.  
Olive—\$1,153,725; increased \$72,500.  
Newport—\$969,970; increased \$52,750.  
Delhi—\$1,208,460; increased \$310,530.  
San Joaquin—\$2,113,945; increased \$693,785.  
San Juan—\$869,510; increased \$11,615.  
Westminster—\$1,213,270; increased \$17,600.  
Newhope—\$1,254,605; increased \$98,425.  
Laguna—\$492,690; increased \$42,115.  
Tustin—\$1,707,780; increased \$128,495.  
Silverado—\$144,690; increased \$18,185.  
Trabuco—\$231,065; increased \$950.  
El Toro—\$432,445; decreased \$450.  
Yorba—\$621,275; decreased \$3,460.

## ORANGE SEEKING ASK THE RIGHT THE CITRUS TO KILL SEAL STATION LEGALLY

Meeting of Commercial Club  
Tonight to Consider Steps  
to Be Taken

## IDEAL LOCATION IN THIS SECTION

Residents Firm in Belief That  
State Should Establish Plant  
at Orange

ORANGE, July 8.—Orange residents believe that the state ought to establish its proposed citrus experimental station at Orange, and it is a vigorous campaign will accomplish it, the station will be located here. Orange is true to its name. It is the home of oranges—navels, Valencia seedlings, Mediterranean sweets, St. Michaels and every other kind that can be grown in California. It is also the home of fine lemons. If the state is looking for an ideal spot to place its experimental station, certainly the claims of Orange cannot be overlooked.

Tonight there is to be a meeting of the Commercial Club, composed of business men and orchardists. Ways and means of securing the location of the station will be considered, and a vigorous campaign will be instituted. The last legislature provided a sum of \$180,000 for instituting the proposed station. It is understood that the state wants 200 acres of land upon which to carry on its citrus experiments. Of course, 200 acres of citrus land cannot be secured for nothing or anywhere near nothing, but the state may have difficulty in getting the acreage desired and have enough left on hand to establish the station and carry on its work.

Orange people propose to look into the matter thoroughly, and go after the station.

## RAILROAD MEN VOTE HEAVY FOR STRIKE

Expected, However, That Arbitration Will Intervene and Cause a Settlement

NEW YORK, July 8.—Eighty-nine per cent of the organized conductors and ninety-eight per cent of the trainmen voted for a strike against the eastern railroads. Of a total of 76,933 votes cast only 4210 opposed a strike. The railroads proposed to resist arbitration under the Erdman act, asserting that granting of the demands would add \$17,000,000 annually to the pay rolls. The danger of a strike is not regarded as imminent, because arbitration is expected to result. The trainmen's vote was for a strike unless the demands for increased wages were met.

## INSANE FROM HEAT PLUNGES IN FURNACE

LOS ANGELES, July 8.—Driven temporarily insane by the heat, Theodore Margowitz, a foundryman, leaped into a seething furnace at the Acme brass foundry today, sustaining burns which will probably prove fatal. The fact that the furnace was almost empty explains why he was not instantly killed. He was pulled from the furnace by a fellow workman, whose name was not learned, then leaped to his feet and ran shrieking through the foundry to the street with his clothing afire. He was pursued by workmen, who finally threw him to the ground and smothered the flames. Hospital physicians are at a loss to account for the fact that he was not instantly killed, as the greater portion of his body was seared.

## CLARENCE MACKAY SUE FOR \$2,000,000 FEE

NEW YORK, July 8.—Clarence H. Mackay, who sailed for Europe last week with his children, is defendant in a civil suit on stock market obligations to the amount of \$2,000,000. The plaintiffs are W. L. Stow & Company, who failed for \$7,000,000 in Wall street several years ago. Mr. Stow charges that some years ago he represented Mr. Mackay in a pool to control the Mexican Central Railway for the purpose of finally selling the property to the Mexican government.

Fishermen Want Supervisors  
to Repeal Protective Measure Recently Enacted

## SAY BARKER EATS MUCH AND IS BAD

Petitions to Be Circulated; Say  
the Animal Tears Nests  
Up for Meanness

A fisherman has about as much use for a seal as a hunter has for a rattlesnake. That is the reason the commercial fishermen along the Orange county coast are going to do their best to have a recent law protecting seal stricken from the county ordinance book. Newport Beach fishermen have prepared a petition addressed to the Board of Supervisors, asking that the law be repealed. A similar petition is to be circulated here by Victor Walker of Hill & Walker's sporting goods house.

The state law does not prohibit the killing of seals. It has always been the habit of commercial fishermen to kill the animals whenever possible. They say a seal is an all-round bad hombre. He not only needs from 50 to 100 pounds of fish a day to keep him fat and frisky, but he is a nasty customer among the nets. A seal just naturally delights in tearing holes through them. Two or three seals gambling on the green surface of the ocean can damage, and often do damage, a fisherman's property \$200 or \$300 worth and not half try. Alamitos Bay has long been a haven of rest for the seals, and fishermen say that is one reason why the bay has never been good as a fishing ground. Recently a bombardment of the seals in that bay was undertaken, and one man is reported to have cleared out fifteen or twenty of them with a 22 rifle. Some people in that vicinity do not like the system, for a dead seal will float ashore and the odors that arise from his decomposing body are no more pleasant than the odors that arise from the remains of a cow dead some time.

Then there are the nature lovers who do not want seals exterminated, and they will fight to maintain the protection that the Board of Supervisors recently threw about them. The law was passed about six weeks ago. It makes it a misdemeanor to hunt, kill, maim or drive in possession any seal or sealion. The fishermen are confident that they can convince the supervisors that the law ought to be lifted. They say a seal can legally do a sealion what the fishermen think ought to be done to them. Supposing a seal was a chicken, they want to put bullet holes along somewhere near the spot where the chicken got the ax. The Newport Beach News, commenting recently on the law, said some harsh things about it, and said something to the effect that it had no idea any fisherman was going to obey it.

## DIASTROUS FIRE ON MT. TAMALPAIS NOW UNDER CONTROL

MILL VALLEY, Calif., July 8.—One of the most disastrous forest fires on Mt. Tamalpais in many years is believed to be under control today, following an all-night fight by 600 soldiers from the San Francisco Presidio, forest rangers and others. Two thousand acres were burned over but no buildings were injured. Several fires are still raging, but the prospect is that all will be controlled by night.

**BONDS ARE ILLEGAL**  
POMONA, July 8.—Because the notice of election was not definite enough in stating the number of the bonds to be issued, the recent school bond election, when the voters of Chino decided to raise \$50,000, has been declared illegal by the district attorney. The news comes as a severe blow, as the new buildings are badly needed. It is probable that a new election will be arranged as soon as possible.

## U. P. S. P. UNMERGER IS NOW COMPLETED

SALT LAKE CITY, July 8.—The unmerger of the Harriman lines has been accomplished. The dissolution plan, endorsed by the United States circuit court, was filed in Circuit Judge Armstrong's court, and now becomes effective. The order states that the third amended plan that the Union Pacific offered is a substantial compliance with the supreme court's decree.

## "ALL IN THE GAME" IS LAMAR'S DEFENSE

Says He Was Out to Get Wall Street Interests—Government may Bring Charges of Perjury

WASHINGTON, July 8.—David Lamar was recalled to the witness stand in the lobby probe today at his own request. Committeemen averted testimony that might have renewed the factional strife in the committee marking last night's testimony. Lamar said he was perfectly willing to leave his fate in the hands of Chairman Overman, Senators Nelson and Cummins, "but so far as Reed and Walsh are concerned," he continued, when Overman interrupted, saying: "Hold on; if you want to make a statement we will hear it, but will permit no personalities."

Lamar then reiterated that he had planned the impersonations of Congressmen Theodore Roosevelt of New York and Palmer of Pennsylvania to uncover what he called a conspiracy against his friend, Edward Lauterbach. He declared it was a Wall Street plan. He said: "They have ruined many men before now and I wanted to get them. It was a game of duplicity on their part as well as on mine. I wanted to give them a dead open and shut case, therefore used Lauterbach's name. I wanted to give them prepared evidence that Lauterbach lied. They fell into the trap. It was an open game and I got what I wanted."

Lamar was subjected to a grilling cross-examination by Senators Reed and Walsh, the latter being particularly severe. He baited the witness continually. Lamar admitted his original testimony did not mention Speaker Clark or Senator Stone in connection with Lauterbach's visit to Ledyard. He said he told his wife and Lauterbach about his impersonations before appearing here.

Reed got Lamar to discuss public questions. The witness said it was wrong for a congressman to be influenced by anything outside his duty. Reed then demanded: "Entertaining these views, however, you did not hesitate to make it appear that Stone and Clark, whom you did not know, were willing to enter into a damnable, outrageous deal with the Morgan company. Did you?" Lamar admitted

## TO RENEW HOSTILITIES

Turkey Decides on Immediate War to Regain Its Forfeited Territory

CONSTANTINOPLE, July 8.—The Porte this afternoon formally decided to reoccupy the territory Turkey forfeited to the allies in the Balkan war by the London treaty. The Porte is preparing for immediate invasion. It is believed mobilization orders will be issued tonight. Crowds in the streets are apparently overjoyed by the decision. Indications are the war will have popular support.

**London Has Confirmation**  
LONDON, July 8.—Reports today tend to confirm dispatches telling of continued Bulgarian victories. The Serbian retreat is reported entirely cut off by the seizure of territory along the Moravia river. Unconfirmed reports continue that Turkey has issued an ultimatum to Bulgaria to evacuate the territory seized in the recent war. Bucharest dispatches say the Roumanian army mobilization will be complete by Friday.

**SERBIAN DISPATCHES ADMIT HEAVY LOSS**  
VIENNA, July 8.—Serbian dispatches admit that the Bulgars have reached Veranya, the Serbian commissary headquarters. A large portion of the Serbian army is cut off from the capital. Belgrade dispatches sent circuitously to evade the censors say dispatches outlining the Serbian Timlock division's destruction have arrived, causing much depression. Eight thousand wounded have been brought to Belgrade. Another dispatch declares a final reserve levy, comprising all males between 18 and 60 years, has been called to the flag.

## FEMALE FINANCIER WORKS MONROVIA

MONROVIA, July 8.—"Yes, madam, it's pure Irish lace, just imported from the Emerald Isle, and is worthy a place on the garments of the highest families of the land," a handsomely gowned young woman told a number of Monrovia women the past week. Her winning personality and seemingly thorough familiarity with the manufacture and importation of expensive laces appealed. She sold hundreds of yards of the lace at a dollar a yard. Since it has become known that she laid in her stock at a dry goods store in Monrovia, paying 25 cents a yard,

## DISASTER IN START OF AIR RACE

Jannus' Machine Falls Into  
Lake Several Miles From  
the Shore

## AVIATOR WAS LEFT CLINGING TO WRECK

Glenn Martin, Delayed by His  
Accident, Probably Will  
Start Thursday

GARY, Ind., July 8.—Beckwith Haven, participating in the hydroaeroplane race from Chicago to Detroit, telegraphed from Michigan City that Anthony Jannus, another participant, fell into Lake Michigan several miles from shore. Motor boats are rushing to the scene. Haven said Jannus was hanging to the wreckage of his craft when last seen.

Haven and Jannus were the only contestants getting started today on account of heavy winds. Glenn Martin will probably start Thursday. Three others are scheduled to start late today. They are Walter Johnson, Logan Vilas and Roy Paterson.

CHICAGO, July 8.—With brightened pennants flying from the tips of their wings, a dozen "flying boats" sped down the slips at Grant Park today, skimmed lightly over the surface of Lake Michigan to the starting buoy, and were off like a flock of prehistoric giant birds, in the 500-mile air-and-water reliability race to Detroit, Mich.

Crowds of spectators numbering aero and hydroaeroplane enthusiasts from all over the country gathered at the Chicago and Columbia Yacht Club wharves near the start and sent up a great cheer as the bird-boats took the water. A fleet of high-powered motor boats and tugs, filled with aviators and officials of the Illinois Aero Club, preceded the racers to the starting point, Lincoln Beachey, the noted aviator who retired from that game several weeks ago, fired the shot that signaled the start.

The race which started today is the first reliability race for flying boats and it brought out the latest designs in heavier-than-air craft that are equally at home in the air and on water. The prize is a handsome silver trophy cut but the entrants hope to reap the rewards through exhibition events at cities along the route, where they are scheduled to check in. Although the government was not known to have sent any representatives here to watch the boats, they are being watched at long distance, and there is probability that the war department will negotiate with the owner of the boat that stands the trip best for a hydroaeroplane for the government.

First place will not of necessity go to the boat which finishes first at Detroit. Each hydroaeroplane starts with a score of 10,000 points, and will be penalized as are entrants in automobile reliability runs for being late at controls, for engine trouble and other technicalities.

The first of the fliers is expected to reach Detroit about July 25 or 26. Only five days out of each seven will be given over to actual cruising, the remaining days having been set aside for demonstrations and exhibition work at cities where the official program calls for halts in the race. Each hydroaeroplane carried a "mechanician" who can, in the event of accident to the pilot, continue the flight. As in automobile reliability runs there are day controls, noon controls and night controls where the boats must check. At some of the ports along the route no stops will be made, the racers at these points being compelled to rise from the water and circle a buoy a few hundred yards off shore, where officials will be stationed to check them off. The route carries the fliers through Lake Michigan to the Soo and then south through Lake Huron to Detroit. Some of the well known pilots are: Tom Benoit and Anthony Jannus, flying a Benoit; Max Lillie, flying a Valco; Frank M. Harriman, flying a Curtiss; Weldon B. Cooke, flying a Cooke; J. B. R. Verplanck, flying a Thomas; Glenn L. Martin, flying a machine of his own design; Roy Francis, pupil of Lincoln Beachey, in a Paterson-Francis.

## WOMAN ACQUITTED

BY WOMAN JURY  
SAN FRANCISCO, July 8.—Personal puletrich and unusually smart habiliments, heightened by a bachelor's button and an ingratiating manner, failed to win for Assistant District Attorney Maxwell McNutt, in his appeal to the jury of women which tried Mrs. Bertha J. Williams on an extortion charge today. After deliberating one hour and fifty-five minutes, the jury, the first in the history of the world, composed of women, to hear a felony case, brought in a verdict of acquittal.

# NUMEROUS CHANGES SUGGESTED BY ARCHITECT HUDSON IN HIS REPORT

## TRUSTEES ORDER AN INSPECTION OF THE ARCADE BUILDING

If Not Safe, Building Inspector and Fire Chief Expected to Close It

South Side Sewer Job Completed and Assessments Are Now Collectable

The report of Frank Hudson, architect, on the condition of the Grand Opera House was read and ordered filed.

That was all there was to it last night. Clerk Burke read it through. That was done merely for the purpose of breaking the news to the public. The City Trustees, Manager Ulin and Owner Lutz all knew last week what the report was. They knew that it recommended a number of changes in the building.

The report was signed by Hudson, G. W. Harding, engineer, and A. C. Martin, another architect.

The bill of \$179 for inspecting the building will be paid by the city. It was presented to Lutz and he declined to pay it.

Their experience with the Grand Opera House and threatened danger seems not to have rendered the City Trustees at all nervous. Last night they tackled another place that has been on their minds for a long time. It is the Arcade building. Mayor Frank Ey held the law over the rest of the board, and time and again urged the other City Trustees to follow it. The outcome of half an hour's discussion was that Building Inspector Roper and Fire Chief Young were instructed to examine the Arcade, and if the place is not made safe at once the board will ask those two officers to close it up.

"That has all the teeth taken out of my original motion," said McPhee when he made it.

The discussion came up last night when the city attorney reported that he and Roper had examined the building and recommended a number of changes, including the addition of two new fire escapes, and the owner, Higgins, promised to make them.

"The original fire escape on that building was a disgrace," said Alderman.

McPhee moved that the building be inspected today and if not safe be closed at once. He said Higgins had been given weeks to get the place in shape. Heathman said the proper procedure is to first have the report of the building inspector and the board can only act on his report.

Alderman said he was willing to take his chances if the fire chief ordered the place closed.

McPhee did not want to leave it to the building inspector.

Ey: "Please change your motion so that it will be left to the inspector and fire chief. I don't like half a dozen lawyers crawling on my back. So let's do this in the legal manner."

McPhee: "What you need is a little nerve tonic." The motion was changed and carried. During the proceedings a motion was carried allowing Mayor Ey a three weeks' leave of absence. He is going to visit at San Francisco.

**Standing Autos**

Another shot is being prepared to regulate the standing of automobiles near Fourth and Main streets. The proposed new ordinance was prepared at Grubb's request. As read it will be unlawful to stand automobiles or rigs on North Main street for a distance of 165 feet north from the center of Fourth street. The number of min-

## Wording of Report On Grand Opera House

Hon. Board of Trustees, Mr. W. F. Lutz and Mr. N. A. Ulin, Santa Ana, California.

Gentlemen:—Pursuant to the agreement made between the Board of Trustees and Messrs. Lutz and Ulin, dated June 25, 1913, in regard to the Grand Opera House controversy, I would report as follows:

On June 30, 1913, accompanied by our engineer, Mr. G. W. Harding, and again on July 2, 1913, accompanied by Mr. A. C. Martin, an architect and engineer of Los Angeles, I made a thorough examination of the building, and would suggest the following changes in the construction of the same:

The Main auditorium floor should be strengthened either by means of 2x6 joists, spiked to the sides of the present joists to strengthen the same, or by means of extra intermediate girders between the present girders, so as to lessen the spans of the present joists, the strength of which in a number of cases is impaired by reason of cutting depth of same 1 to 2 inches where risers occur in auditorium above. Posts supporting girders should rest on a continuous plate so that posts will not simply rest on the present rough floor between joists.

The joists on south end of auditorium rest in sections on a 1x3 r-hand plate spiked to studs, the nails alone holding the load. Nails have been known to crystallize. I would suggest carefully going over this work and re-nailing the 1x3 to studs where necessary, and also thoroughly spiking joists to studs wherever possible.

As a fire retardant in this space between store ceiling and auditorium floor, I would suggest placing cross partitions of larch redwood at intervals to act as a fire stop. The openings in risers from this space into auditorium should be closed and the timbers in space sprayed with fire resisting paint.

Cast iron columns supporting balcony, six in number, two of which rest over store columns or girders, the remaining 4 rest on a 12x12 wood block resting on 2x16 joists over stores. This is poor construction, and should be remedied by supporting base of columns on a double steel beam, which should span from brick wall to directly over store columns, thus transferring balcony weight from center of joist span to direct bearings to building foundations.

Cast iron columns supporting balcony, six in number, two of which rest over store columns or girders, the remaining 4 rest on a 12x12 wood block resting on 2x16 joists over stores. This is poor construction, and should be remedied by supporting base of columns on a double steel beam, which should span from brick wall to directly over store columns, thus transferring balcony weight from center of joist span to direct bearings to building foundations.

Balcony. From observation after cutting holes in floor, it appears that in the southwest and southeast corners of the balcony floor, the joists fall into a single 2x12 header with a span of about 25 feet. The flooring should be taken off and the construction exposed to view. The header should be strengthened to take the load, if the above mentioned condition exists.

The stairways to auditorium and balcony should have hand-rails on either side of same.

All exits should have emergency locks, arranged so that the pressure from within will open the doors out.

Processium Arch and Partition, dividing the stage from auditorium should be thoroughly fireproofed on the stage side. Your ordinance—section 74—calls for a brick wall. This is hardly practicable in this building. The present wall can be fireproofed with redwood boarding and metal lath and plaster, which should be carried up to the roof boarding, cutting off the stage por-

tures a machine or vehicle may stop in that district without specified, Grubb favored one minute, but indicated he might go to five minutes when the ordinance comes up for action and reading. The same provision will apply to the north side of East Fourth street for a distance of seventy feet from the east line of the intersection.

Autos and other vehicles, except bicycles and motorcycles, will be allowed to stand for twenty minutes only for 165 feet in each direction on Fourth street from the center line of the intersection. The latter territory includes the space in front of the Dragon, and Fourth street in front of the two banks. The city at-

terorney said he would bring in an ordinance making it unlawful for a vehicle to pass a street car unloading or receiving passengers.

Grubb and Ey said they favored putting up a "Turn to the Right" sign in the center of the Fourth and Main intersection, such as Anaheim is using.

The city attorney was urged to take vigorous steps to collect \$100 from property owners on Santa Clara who had a sewer laid and never paid the city for the pipe.

It was agreed that the city would lay a sewer pipe on West Chestnut near Flower if the property owners would pay for the sewer pipe in advance.

Placed on File

C. Andre and about twenty others petitioned to have the houses of the streets running north and south re-named, using Fourth street as a basis, instead of First street. The petition was placed on file with little comment.

Residents of East Chestnut from Main to the Santa Fe tracks asked to have the street paved with the same as that used on Fourth street to cost not over ten cents per square foot. The property owners to pay for the intersections. The signers to the petition represent a 27x55 feet frontage out of a total of 7254 feet. The petition was referred back for more signatures.

The request of the Prohibition party to use the council chamber for a meeting on July 12 was referred to Ey with power to act.

Smith, Enery & Co. reported upon samples of pavement sent to it for tests by City Engineer Emley. The samples were up to specifications and the report satisfactory.

Staying on the Job

J. D. McDonald, secretary of the joint pole committee, in a letter stated the committee is not now ready to make any changes in poles except on Main and Fourth streets, all companies to use one set of poles.

McPhee said the committee has not done its work properly. He said on Fourth street a lot of sidewalk has been torn into and not repaired, and many poles are left standing, though not used.

Alderman moved that the committee be given fifteen days to move the "dead" poles, else the city will move the poles, repair the walks, and charge the cost to the committee. Carried.

Also Alderman proposed to select two more streets and compel the joint use of poles.

"Give them to understand that we expect the users of poles all over this city to use one set of poles," said he. The city's committee will proceed to work out this suggestion.

Noble, an auto rental man, said he was going out of business and asked for a refund of his license money. The request was granted.

Plans for electric signs for the cafeteria and Taylor Bros. were accepted, subject to the approval of the building and electrical inspectors.

Street Paving

The report of A. D. Schwartz as Inspector stated that the paving on East Sixth street had been done by Max L. Huberman in a proper manner. Alderman said there had been some objection to the pavement and he wanted to know what can be done should the city accept the report. He said the contract is a private contract and he wanted to do nothing with the report.

"The city practically forces a man to sign a private contract by threatening him with the 'Vrooman Act,'" said Alderman. "Now if you accept this report you will force him to pay for pavement he thinks is not properly done. I have seen cracks in it."

Grubb said it was up to the property owners and Huberman to settle the matter, and he thought the report had nothing to do with it. Grubb said he looked over the pavement and saw no cracks and thought it smooth enough.

McPhee said the best thing to do is to have a public hearing, and if the property owners can show that the inspector's report is faulty it need not be accepted.

City Attorney Heathman said the city has nothing to do with the matter.

W. A. Zimmerman said the way to do is for the property owners to stand together as they did on West Fifth and force the contractor to do his work right.

McPhee said he felt sure that if it is pointed out to Huberman where the job is defective, he will fix it.

**Sewer Job Done**

R. H. English reported that Contractor Gilbert had finished his work on the South Side sewer satisfactorily. He said all the sewers were settled with water.

"If that is thoroughly settled it will be the first ever settled by the first application of water," said McPhee. "I don't want this city responsible for sink holes along these lines. That is up to the contractor."

Sewer Superintendent Reid said the South Side trenches were thoroughly flooded and settled. Foreman Gould said the settling was thoroughly done. English's report was placed on file.

The necessary resolution confirming the diagrams and assessment for the sewer district upon which assessments will be collected was passed.

Three insurance policies were ordered renewed and premiums ordered paid.

The Regal Garage agent asked for a permit to put a gasoline pump on East Fourth street sidewalk. The matter was referred to Grubb, Greenleaf and Alderman with power to act.

Grubb said many streets are getting in worse shape every day. There is not sprinkling enough possible to keep the streets up. Something should be done to repair several streets, but at present the city has not enough teams. Grubb asked the city to buy four heads of horses. He thought an outfit should be provided to fill chuck holes.

"We need more equipment," said he. "Talk about band concerts—if we let the streets fill with chuckholes the people can't go to the concerts."

Street Superintendent English said the city needs more teams to attend to repair work. He said South Main ought to be torn up and made over.

McPhee moved that a committee be appointed to move the matter out. McPhee, Greenleaf, Alderman and Grubb are on the committee.

McPhee said he favored having a sanitary inspector appointed to serve three months of the summer, to keep places clean and free from dangerous condition. McPhee and Alderman were appointed to report on the matter.

For shoeing that makes driving horses, try Smith, 407 North Birch St.

torney said he would bring in an ordinance making it unlawful for a vehicle to pass a street car unloading or receiving passengers.

Grubb and Ey said they favored putting up a "Turn to the Right" sign in the center of the Fourth and Main intersection, such as Anaheim is using.

The city attorney was urged to take vigorous steps to collect \$100 from property owners on Santa Clara who had a sewer laid and never paid the city for the pipe.

It was agreed that the city would lay a sewer pipe on West Chestnut near Flower if the property owners would pay for the sewer pipe in advance.

Placed on File

C. Andre and about twenty others petitioned to have the houses of the streets running north and south re-named, using Fourth street as a basis, instead of First street. The petition was placed on file with little comment.

Residents of East Chestnut from Main to the Santa Fe tracks asked to have the street paved with the same as that used on Fourth street to cost not over ten cents per square foot. The property owners to pay for the intersections. The signers to the petition represent a 27x55 feet frontage out of a total of 7254 feet. The petition was referred back for more signatures.

The request of the Prohibition party to use the council chamber for a meeting on July 12 was referred to Ey with power to act.

Smith, Enery & Co. reported upon samples of pavement sent to it for tests by City Engineer Emley. The samples were up to specifications and the report satisfactory.

**BOY DROWNED IN RESERVOIR**

Newport News: Ronald Beatty, the eight-year-old son of Mr. and Mrs. Peter Beatty of Newport Heights, was accidentally drowned in the big concrete reservoir that supplies the water for Newport Heights Wednesday noon.

The boy was playing around the reservoir with George Wilson, son of Mr. and Mrs. Joel Wilson, and had some kind of an air ship toy that the

wind blew over the high netting fence surrounding the water. The boy climbed over the fence and was trying to recover the plaything when he slipped and slid down the sloping concrete side of the reservoir.

There was no one present except the Wilson boy and Blanchard Beatty, a younger brother, and they ran to the Beatty home a short distance away and from there the call for help went to the neighboring ranches of Ray Wilson, Mrs. Josephine Kelly and Will Stearns. Mrs. Kelly was the first to reach the scene of the accident and she plunged into the five feet of water with a garden rake but was unable to see any trace of the boy. Ray Wilson arrived shortly after and struck the boy's body with his knee about half way to the bottom of the pond.

It is probable that the boy had been in the water about fifteen minutes. No sign of life could be detected in the little fellow, although those present worked heroically over him for over an hour, assisted by Dr. Ball, who was summoned from Santa Ana. Mr. Beatty was in Santa Ana, but arrived shortly after the accident happened.

**SHAKE INTO YOUR SHOES.** Allen's Foot-Ease, the antiseptic powder, it relieves painful, smarting, tender, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain relief for sweating, callous, swollen, tired, aching feet. ## STANTON EDITOR NOT TO BE FOUND

Reported That He sold a Machine on Which He Had Paid But Small Amount

FULLERTON, July 8.—Jerome Fulson and Charles Hudson were here yesterday from Garden Grove and stated that Dan W. Bennett, editor and publisher of the Weekly Optimist at Stanton had disappeared. Bennett purchased the paper from E. M. McClure about three months ago and as soon as McClure heard that Bennett had gone away he again took charge of the paper.

Yes, Sir—As Good as New

THAT'S WHAT YOU WILL SAY, AND THE WAY YOU WILL FEEL ABOUT YOUR AUTO AS YOU TAKE IT OUT OF OUR REPAIR SHOP FOR THE FIRST, SECOND, THIRD AND SUCCEEDING TRIAL RUNS.

Maybe Better Than New, in fact a used machine kept in good repair usually gives even better service than a new one. Our expert repair man will tell you why. All work guaranteed.

Southern Pacific

Bennet came to Fullerton two weeks ago and purchased a second-hand automobile from the Wickersheim Implement Company, paying \$50 down on the deal and agreeing to pay \$25 a month for four months. It is said Bennet sold the machine to Mrs. L. Cross of Garden Grove for \$175, getting \$100 in cash and a note for \$75. He discounted the note at the Garden Grove bank.

Fulson and Hudson came here today in behalf of Mrs. Cross to get full information on the deal Bennet made with the Fullerton firm, and it is stated a warrant for the arrest of Bennet will be sworn out at once.

A telephone message from Stanton brings the news that other creditors at that place are trying to locate Bennet.

## AMUSEMENTS

### At the Auditorium

From 7 until after 11 o'clock there was a show going on last night at the Auditorium Theater. The neat airy theater with its restful green furnishings promises to be a popular resort for amusement lovers during the summer months. The management desires to cater to the wishes of its patrons and will present up-to-date moral features.

The acts of polite vaudeville in last night's performance were free from objectionable language and actions. The clever trick work of the Chinese magician and the work of the Samsons in their sparring and the acting of weights brought hearty approval from the audience of both shows last night. The pictures were interesting and instructive.

A six piece orchestra furnishes an abundance of good music.

### Not Feeling Just Right? Read This!

Do not think that Mr. Jack Malto of Copperopolis, Calif., would make this statement, if it were not absolutely true. He says: "I thought I would have to sell my business, for I could hardly stand on my feet and when sitting down could hardly arise on account of pain in my kidneys. I tried three bottles of Foley Kidney Pills and they entirely cured me, and I have had no kidney trouble since." Foley Kidney Pills will help any case of kidney or bladder disease not beyond the reach of medicine. Rowley Drug Co. and White Cross Drug Co.—Advertisement.

Fulton Go-Carts are built large and roomy, comfortable for baby and convenient to handle. Flexible springs absorb all shock. Prices are \$6.50 to \$18.50. Horton-Spurgeon Furniture Co.

## WEDDING NOW OVER AND VELOZ GOT HIS \$3 CHANGE RETURNED

Jose Veloz and Juana Herrera are now man and wife. Veloz spent the night in jail by request—a request he could not decline to accept because the law was back of it. This morning the difficulties that have surrounded the young couple for the last four or five days were settled when Mrs. Herrera gave her written consent to the wedding.

Friday night Juana and Jose eloped. The officers were hunting them when they went to the courthouse yesterday to get a license. Veloz was taken from the marriage license counter to jail to await developments. Had the mother refused to consent to the wedding Veloz would have been prosecuted. However, she consented. Veloz gave the clerk a \$5 gold piece. The clerk laid the change, \$3 on the table in front of the party, among whom was Probation Officer Scott, who aided in engineering the affair. Rev. Scott thought the \$3 was his fee, and pocketed it. He wedded the couple. Veloz then turned to the clerk, asking for his change. Rev. Scott had it. Veloz had not counted on paying anything for his wedding. He evidently thought that the probation officer ought to do his best to settle a difficulty by contributing his services to the occasion. Anyhow, Rev. Scott unpocketed the change, and Veloz received it with evident signs of relief.

# Sale of Embroidery Flouncings

## Special Purchase of 27 and 45 Inch Embroideries Now On Sale

WE'RE NOW OFFERING SOME RATTLING GOOD VALUES IN WIDE EMBROIDERY FLOUNCINGS, AT WAY UNDER REGULAR PRICES. ONCE IN A WHILE WE GET HOLD OF SOME GOOD THINGS FROM THE MANUFACTURER, AND ARE HAPPY TO BE ABLE TO SHARE OUR GOOD LUCK WITH OUR CUSTOMERS. THIS IS ONE OF THOSE TIMES, AND WE PLACE ON SALE A PURCHASE OF SOME SPLENDID FLOUNCINGS AT ESPECIALLY LOW PRICES.

### 27 Inch Flouncing, 45c

These are baby flouncings, in the finest, daintiest patterns you ever saw—just made especially for baby dresses. There are 30 pieces of them, on fine, sheer Swiss with fine scalloped edges. We know you will be delighted. This quality would be a good value at 60c a yard; during this sale they go at special 45c.

### 45 Inch Flouncing, 75c

8 perfect designs for nice dresses, 45 inch goods in the finest Swiss. We cut any amount you wish. There are some patterns in punch work effect, strictly new. These goods are worth regularly, \$1.00 per yard. Special during this sale at 75 cents.

### 27 Inch Flouncing, 60c

When you see these embroideries you must admit they are some of the prettiest and best ever offered for the price. The work is especially good, and the pattern so fresh and new, in pretty floral effects, both open and solid. And this is just in style now for dresses in two flounce or draped effects. During this sale, we offer them special at 60c.

### 45 In. Flouncing, \$1.00

Some regular \$1.50 values we are offering at a dollar. The embroidery work is deep and heavy, and we show solid and open designs suitable for summer dresses. We cut any amount you wish.

### 45 In. Flouncing, \$1.95

Our Regular \$3.00 Value

A clean up of this season's Batiste Dress Patterns. The work is especially rich, and heavy, in mercerized floss so that it looks just like hand work. Patterns come in 2 1/2 and 5 yard lengths, which cannot be cut. These goods have been selling regularly at \$3.00 yard. As a special clean up during this sale, they go for \$1.95.

### Galloons to Match, \$1.00

We have 5 inch galloons to match the above dress patterns, 5 inches wide, which sold regularly at \$1.50. During this sale we offer them at \$1.00 yard, and will cut any length you require.

## NATIONAL C.E. CONVENTION TO LAUNCH PROHIBITION BOLT

Los Angeles Examiner: A national campaign for the enactment of an amendment to the constitution of the United States forbidding the manufacture and sale of alcoholic liquors will be launched at the International Christian Endeavor convention, which begins its sessions here tomorrow. "Our aim will be to make the United States a saloonless nation by 1920, the three hundredth anniversary of the landing of the Pilgrim Fathers," said William Shaw of Boston, the general secretary of Christian Endeavor, who arrived in Los Angeles yesterday.

## Rockefeller Celebrates Seventy-fourth Birthday

CLEVELAND, O., July 8.—Seventy-four years old and the "richest man in the world"—worth upwards of half a billion dollars according to his business associates—John D. Rockefeller celebrated his birthday today. There was no elaborate program planned for the anniversary. The Oil King spent the morning at Forest Hill. He received hundreds of messages of congratulations from business and personal friends.

Rockefeller's health is better today than it has been in years and Dr. H. F. Biggar, his physician for many years, has assured him that he may count on many more birthdays. He game of golf, an automobile ride in the country and calls from relatives and friends made up the birthday program.

Despite many stories to the contrary, Rockefeller is unusually healthy for a man of his age, especially when his early business worries and work is taken into consideration. For his physical condition of today, Rockefeller gives credit to his personal physician and friend, Dr. H. F. Biggar, aged seventy-two. Rockefeller has kept his health and strength while men his junior by many years have succumbed after winning business laurels not nearly as great as those of the Oil King has won. Of these persons E. H. Harriman and the late J. P. Morgan are the most prominent. He has survived his one time partner, Henry M. Flagler, who recently died at the age of seventy-seven.

Dr. Biggar attributes the health of both his wealthy patient and himself to his always followed "system of living." This system he describes in a recently issued pamphlet which he has distributed among some of his friends. Its keynote is simplicity. Strict study of personal needs and constant watchfulness, also are among the essentials of longevity, according to the pamphlet.

Two meals a day, one entirely of uncooked fruit; an occasional day of fasting from all foods but fruit; epsom salt baths frequently and a few Turkish baths with vigorous massage at least every two weeks are some of the recipes offered with the solid backing of their eminent success in the case of the doctor and his famous friend and patient. Dr. Biggar is a sworn enemy of pneumonia, the absence of a practical known specific for which he deprecates as a failure of the medical profession.

"A draft on any part of the body arresting superficial circulation may result in a cold and if the body is not in a healthy state, pneumonia and general catarrhal conditions are likely to develop," said the physician. "Spray the mouth, nose and throat with antiseptic solutions if you would avoid these dangers. Breathe pure air and keep the lungs clean. Of all the poisons that will produce a cold, lung poisons are the worst. More than a quarter of all the waste and debris thrown off by the body is exhaled from the lungs." Dr. Biggar advises massage of the muscles of the neck, spine, back and chest as a likely method of relief from a cold or disease originating from a cold. "Baths are very essential," says Dr. Biggar. "twice or three times a week take a full bath with epsom salts, one pound to the tub of water. It leaves the

ISN'T SAN FRANCISCO MIS-REPRESENTED?

It has generally been assumed that the state of California was more than generous to San Francisco when the tax was levied to contribute five million dollars to the Exposition. It was thought that this substantial expression of good will would go far toward establishing a cordiality of relations between the metropolis and the state that should be of the highest advantage to both.

The reactionary press of San Francisco refuses, however, utterly to acknowledge the friendship of the state. It is now concerned with a few San Francisco appropriation bills which Governor Johnson vetoed, and whining editorials attempt to show that the metropolis has fared ill at the hands of the state administration and Governor Johnson is denounced as a "hateful chief executive" who "delights in venting his spite on the city and the people of San Francisco."

It is complained that the Governor insisted that the new Civil Service Commission should establish its offices in Sacramento and not in San Francisco. The reason for this attitude on the part of the Governor is simple. The capital of the state is at Sacramento and the Commission should therefore be located there. To recognize the demands of any other city than Sacramento as to the location of state offices might easily establish a principle which could lead to the scattering of state offices all over California.

San Francisco was interested in a number of appropriation bills which shared the fate common to many other appropriation measures in which a great number of communities in the state were interested. It was no easy task for the governor to veto them, many of them being highly meritorious. But he was confronted with the situation that the state had just so much revenue in prospect, and beyond that figure he could not go. He was compelled to apply the pruning knife and a number of communities had to be denied their claims.

San Francisco received no more and no less consideration than other places. For the most part, these other communities accepted the facts and circumstances and cheerfully hoped to "do better next time." Not so San Francisco, as represented by the reactionary press. It raises a bitter wall of complaint because its hungry demands were not granted. The matter of the five millions for the Exposition is ignored and appreciation of the state's generosity is expressed in vicious denunciation. Fortunately, however, the reactionary press of San Francisco does not express the sentiments of that city.

FADING SECTIONALISM

When Blue met Gray at Gettysburg, there were more than perfervent handshakes. It was not merely that rancor had been blotted out by the gray mists of fifty years oblivion. It was not merely that whatever misunderstandings have occurred between North and South have been created more by politicians and grafters than by the old soldiers.

Kindly Father Time heals all scars. The men who once stood against each other in deadly hate now seem to have a positive affection. Their common share in an awful experience creates a kinship. The man whom you fought fifty years ago seems closer than the indifferent youth of today, to whom war is merely disagreeable because it has to be studied about in school.

Railroads and travel are greater forces for peace than arbitrations and organizations. In the old days a business man who penetrated from one section to another was looked at with some awe as a globe trotter. In those times one assumed that the opinions pronounced by the wise men of his own village comprised the sum of this world's wisdom. That other ways of looking at life might find justification in the basic facts of human nature was dreamed by but few.

It is out of these conditions that sectional hostilities and civil wars proceed. Happily they are past. The more you see of people from some other section, the more you are influenced by their point of view. The journey between South and North today is but a holiday excursion or a business incident.

The Southerner returns from the North more than ever with the feeling that the stars in their courses fought against the beloved Lost Cause. The Southerner comes back from the South with the feeling that those fellows have got to work out race problems in their own way.

WHAT IS DOING ABROAD

(By Ed. L. Keen, London Correspondent United Press)

LONDON, July 8.—With the dissolution of the Congo Reform Association, which was formally notified to the Belgian government today, the closing chapter was written in one of the most successful international crusades ever undertaken in England. It was admittedly due almost altogether to the efforts of this organization of British publicists that the atrocities of the Congo, which so shocked the entire world when they were first revealed a dozen years ago during the reign of the late King Leopold, have now entirely disappeared. The removal of the rubber tax, or "blood tax," toward which the association especially directed its energies, now leaves the native products of the Congo free to enter the markets of his country and dispose of them in legitimate trade, without restriction.

"The Congo has ceased to be drained of its life-blood in the interests of Belgian capitalists, who were aided and abetted by American financiers," today said E. D. Morel, secretary of the association, following the final meeting of the organization, "and as our objects have been accomplished, there is no further need of our existence."

"The concessionaire companies, of shameful memory, have all been annulled or their powers curtailed and transformed, and thousands of natives who had fled to recesses of the forest to escape their tormenters are now back in their old settlements on the river banks. The country is no longer harried by swarms of irregular soldiers, and the practice by the administration of arming one tribe against another has been abolished. Our association has seen all its demands save one realized. We failed to secure special legislative enactment recognizing native tenure of land, but the Belgian government is acting upon that policy without formally incorporating it into law."

It may take two or more generations to heal the wounds inflicted upon the Congo, but we are satisfied that a return to the old system has now been made utterly impossible. The success of our agitation really marks an epoch in the history of the relations of European nations toward the colored races."

Young Prince Is a Joker  
Little Prince Henry, aged thirteen, is the practical joker of the British Royal family. Here is his latest. His sister, Princess Mary, wrote him the other day while he was visiting in Cornwall asking him to send her some of the flowers which, according to the

newspapers were blooming in profusion in the "English Riviera." "You know how fond I am of early spring flowers," she wrote. Next day there arrived at Buckingham Palace a beautiful basket addressed to Princess Mary. The writing was that of Prince Henry. When the Princess opened the basket she found, tastefully tied up with heliotrope ribbon, a huge bunch of—cauliflower.

To Prohibit Airships  
Entire prohibition of the use of aeroplanes and other aircraft as instruments of warfare, "thus excluding the possibility of a new horror to civilization, and added peril to life," is among the recommendations of the British Peace Society for consideration at the next Hague Conference.

The other suggestions of the society, to which Foreign Secretary Sir Edward Grey has promised to give careful consideration are: Provision of a general treaty of obligatory arbitration; establishment of an arbitral court of justice; declaration of immunity of private property at sea in time of war; abolition of purely commercial blockade, that is of places which are not fortified; prohibition of explosive mines, at least in waters lawfully used by neutral ships; an agreement to put a check on the growth of naval and military armaments.

Fear Burglars at Palace  
The recent placing of extra night-watchman on duty in and around Buckingham Palace was not due altogether to fears of a suffragette attack. It was learned today that Scotland Yard had received a tip, following the announcement of the valuation of the palace's contents at \$17,500,000, that a gang of international crooks which in the past few weeks had been conducting extensive and profitable operations in the West End, had planned to burglarize the King's London residence.

The authorities considered the information of sufficient value to justify not only the strengthening of the ordinary guard, but also an improvement of the more or less antiquated mechanical devices employed at the palace. A complete new electric alarm system has been installed, with fixtures at each window on the garden side of the building. In this connection it is recalled that an attempt was made to break into the palace in King Edward's time. The burglars were discovered one night trying to effect an entrance at a window close to Queen Alexandra's bedroom and overlooking the garden. There were two of them and both escaped.

prevent live burrs from nestling close to deep water. . . .  
Commodore Perry had no idea of the Pandora's box he was opening when he paid that visit to Japan. . . .  
Hope it won't become necessary to investigate any of these investigating committees. . . .

According to the headlines, a deaf and dumb Chicago pair were wedded by a "fellow sufferer," from which it is naturally inferred that the latter is married already. . . .  
Had it Between Them  
Once, in traveling, Dr. Bledsoe was exceedingly annoyed by a pedantic bore who forced himself upon him, and made a great parade of his learning. The doctor stood it as long as he could, and at length, looking at him gravely, said: "My friend, you and I know all that is to be known." "How is that?" said the man, pleased with what he thought a complimentary association. "Why," said the doctor, "you know everything except that you are a fool, and I know that."

Survival of the Fittest  
Five-year-old Dorothy's pet cat had presented her little mistress with a set of kittens. In spite of tears and pleadings Dorothy was informed that she could keep only one kitten and that the rest would be drowned. A few weeks later the little girl was taken into her mother's room to see the new twins. She looked at them wonderingly for awhile, then turning to her grandmother she said: "Which one are you going to drown?"

Opportunities  
"There is a tide in the affairs of men," admits a wise writer, "but there is no gulf stream setting forever in one direction." The man who grows careless and self-confident because of success will soon find that no current of prosperity will take the place of thought and effort, and no one need think "luck" is so persistently against him that he is destined to failure whatever he does. There are opportunities and there are misfortunes, but there is no gulf stream of luck, good or bad.

Glorious Life  
I look on these sentiments which make the glory of the human being, love, humility, faith, as being also the intimacy of divinity in the atoms; and that as soon as the man is right, assurances and provisions emanate from the interior of his body and his mind; as, when flowers reach their ripeness, incense exhales from them, and as a beautiful atmosphere is generated from the planet by the averaged emanations from all its rocks and soils.—Emerson.

When the Sun Will Die  
It may be said unqualifiedly that the sun, like every other thing connected with the present order, will finally cease to be what it is today. The time will most surely come when the sun will have ceased to throw off light and heat. Long before that happens, however, the earth and other planets will have become "dead worlds," like the moon—no life of any sort upon them. It has been calculated that the sun will cease to throw out its heat somewhere about seven million years from now.

600 C. N. G. MEN ARE IN SUMMER CAMP FOR FOUR DAYS' STAY

SANTA CRUZ, Cal., July 8.—Six hundred members of the California National Guard are encamped today at Lavega Heights for ten days' instruction under regular army officers. The men are in command of Col. E. A. Forbes.

ARMY AVIATOR KILLED AT HOUSTON

HOUSTON, July 8.—Lieutenant Loren Call of the Army aviation corps was killed as he completed an apparently successful flight at the military aviation field here. He was attempting to alight when the aeroplane collapsed and fell.

SORORITY CONVENTION MEETS IN DENVER

DENVER, July 8.—The part played by sorority members in the advancement of the cause of woman suffrage will be one of the principal topics discussed during the sessions of the thirty-ninth annual convention of the Sigma Kappa sorority, which began here today. The sessions will close Friday. One hundred and fifty delegates representing universities and colleges from Maine to California are in attendance. Faculty opposition to sororities and fraternities and the charge that sorority life is not conducive to best scholarship will also be taken up and answered.

Sigma Kappa was founded at Colby university in 1874. This is the first time that a convention has been held west of the Mississippi. It was formally announced today that the 1915 convention will be held in San Francisco. The place of the 1914 convention will be decided upon probably tomorrow.

Fulton Go-Carts are built large and roomy, comfortable for baby and convenient to handle. Flexible springs absorb all shock. Prices are \$6.50 to \$18.50. Horton-Spurgeon Furniture Co.

Harm Wrought by Free Beer  
Some of the older insurance companies of England used to dispense beer free to their employees. A drunk on orgy took place every afternoon. Those clerks who did not want the free beer left theirs for those who did. One man told how he thought nothing of drinking sixteen glasses one after the other, and his statement was substantiated by other men. Before the free beer system was ended the annual beer bill of one company was \$1000.

Frugal  
Mrs. Willis—I'm afraid the young man who married our Emma is parsimonious. Mr. Willis—How so? Mrs. Willis—She writes that their honeymoon is scarcely costing over his first ten years' salary.—Life.

Impossibility  
Dr. Grabbe had almost succeeded in dismissing Mrs. Galloway when she stopped in the doorway, exclaiming: "Why, doctor, you didn't look to see if my tongue was coated!" "I know it isn't," said the doctor wearily, "You never find grass on a race track."

STATE'S FINANCES SHOW LARGE GROWTH

SACRAMENTO, July 8.—A summing up in the state controller's office today of the receipts and expenditures of the state government for the fiscal year ended June 30, shows that both receipts and disbursements largely exceed those of the preceding twelve months.

From all sources, according to the report made by State Controller Nye, there was taken into the treasury a little more than \$25,052,263.45, which was about \$3,500,000 more than for the year before, while the total disbursements of \$22,900,416.40 exceeded those of the year before by \$4,200,000.

Sales of highway and harbor bonds which amounted to \$4,400,000 helped to swell the receipts, while the construction of roads and harbor improvements contributed to the increase in expenditures.

At the close of business on June 30 the cash in the state treasury and on deposit in banks amounted to \$11,669,817.55, which was an increase of more than \$2,000,000 during the year.

The financial transactions for the last year may be summed up by saying that the corporation taxes and other revenues of the general fund proved to be sufficient to meet the expense of the government and leave a slight margin. It is also shown they would not have done so but for the large collection of inheritance taxes which amounted to \$1,586,000.

JACK LONDON SUSTAINS SUCCESSFUL OPERATION

OAKLAND, July 8.—Jack London was operated on today for appendicitis. The operation was brief and apparently successful. London's condition is satisfactory and his nurses say he will be able to leave the hospital within ten days.

BATTLING NELSON TO LEAVE PRIZE RING, SAYS WIFE

PORTLAND, Oregon, July 8.—According to Mrs. Oscar Mathew Battling Nelson, the Durable Dane is through with the prize ring. Mrs. Nelson, who was Miss Fay King, a newspaper cartoonist before she married the former lightweight champion, is in Portland today on a visit to her parents. She said that her husband, having renounced mitt activities, will arrive here within a few days, whereupon the couple will go to San Francisco to establish a permanent home. Nelson, she said, will enter business there. Bat is said to have leanings toward the sporting desk of a daily newspaper.

WOMEN POLICE FOR CHICAGO

CHICAGO, July 8.—Ten police-women will be appointed here at once in accordance with a special message sent to the council today by Mayor Harrison. They will be assigned to the bathing beaches and parks.

The King of All Laxatives

For constipation, headache, indigestion and dyspepsia, take Dr. King's New Life Pills. Paul Mathulka, of Buffalo, N. Y., says they are the "King of all laxatives. They are a blessing to all my family and I always keep a box at home." Get your box and get well. Price 25c. Recommended by all druggists.—Advertisement.

The coolest spot is your veranda—if you have it equipped with porch shades. Good porch shades keep out the glare of the sun, give privacy yet admit the air. We sell them at \$1.50 upward according to width. Horton-Spurgeon Furniture Company.

Main Idea  
"I suppose there are many problems which the poor explorers seek to solve," said the unscientific man. "Yes," replied the intrepid traveler; "a great many." "What is the most important one?" "Getting back."

# Doings In Social and Club Circles

## "Y" GARDEN PARTY

Young People Held Summer Meeting on Lawn at Lea Warren Home

Owing to the absence of some of the members from the city, and to the engagement of others in the fruit camps, the usual large attendance at the "Y" summer garden party at the Lea Warrens on Parton street, which has come to be almost an annual event, was not as large as usual. But there was a goodly number of young people present nevertheless and the evening passed very happily. The lawn was delightful to look upon with Japanese lanterns swinging in generous profusion, illuminating with soft rays the trees and flowers and making alternate areas of light and shade.

The topic, "Summer Drinks," was appropriate to the season and a delicious and healthful summer beverage, fruitade, was served with the crisp waters that were part of the light refreshments served during the evening. An article announced as one of the prize essays in a national W. C. T. U. contest, and entitled "What is the Harm in a Glass of Beer?" was read by Mr. Riffle. Miss Henrietta King read medical testimony as to the harm in Coca Cola. Musical numbers varied the program.

The social hour was pleasantly spent in outdoor games and in having a general good time.

**Officers Were Installed**  
Laurel Encampment has installed the following officers, a banquet following the ceremonies:

Chief Patriarch—C. C. Chandler.  
High Priest—Roy K. Bishop.  
Senior Warden—R. M. Wallace.  
Recording Scribe—E. F. Waite.  
Treasurer—W. B. Tedford.  
Junior Warden—C. C. Cozad.  
Financial Scribe—Chas. Mattern.  
Guide—W. C. Jerome.  
First Watch—J. R. Fowler.  
Second Watch—J. C. Jenkins.  
Third Watch—G. B. Parker.  
Fourth Watch—R. B. Cook.  
First Guard of Tent—C. E. Morrison.  
Second Guard of Tent—C. W. Seranton.

**Had a Royal Time**  
Mr. and Mrs. J. A. Buckingham entertained a large number of friends at their home on the nation's holiday. It was a joint affair, the visitors taking with them something to contribute to the banquet which was enjoyed under the shade of a spreading pepper tree. Ice cream, a bunch of bananas hung in the tree, and other substantial and delicacies were furnished by Mr. and Mrs. Buckingham. A merry afternoon followed the sumptuous meal, contests of various sorts enlivening the hours.

Among those present, besides the host and hostess, were Mr. and Mrs. J. A. Oederlin of Long Beach, Mrs. Davidson of Los Angeles, Mr. and Mrs. Small and son, J. P. Small and Mrs. Simpson of Orange, Mr. and Mrs. Parslow and children, Miss Tucker and Mrs. Grosley, sisters of Mrs. Parslow; Mr. and Mrs. T. McDonnell, Misses Jennie, Frances and Lulu McDonnell, Dr. Rowen, Mrs. H. J. Griggs and family, P. Taylor and family, R. Goodwin and family, J. Crites and daughter, and Miss Louise Plumber.

**Quiet Wedding**  
A beautifully simple and quiet wedding took place at the Immanuel Baptist church parsonage on the morning of July 5, when Mr. Charles Goldenbow, an electrician of this city, and Miss Annie Wallin of Los Angeles were united in marriage.

The ceremony was performed by the Rev. William Thomas, minister of the Immanuel Baptist church. The bride and groom will be at home to their friends at 101 Bush street after July 21.

**W. R. C. Tea Tomorrow**  
The W. R. C. will hold the regular tea given by that body each month, on tomorrow afternoon at G.A.R. Hall. The ladies will furnish the refresh-

**TO HOUSEWIVES**  
Ten commandments to insure good food during the summer have been issued by the bureau of chemistry of the Department of Agriculture, in an official bulletin. They follow:

- 1—Use your nose and eyes to detect bad food.
- 2—Be watchful of ptomaine, a deadly poisonous bacilli which thrives mightily in this weather.
- 3—Pasteurize all milk.
- 4—Keep your ice box clean.
- 5—Cook your food and never eat it uncooked.
- 6—Beware of restaurants and highly seasoned meats and fish.
- 7—Drink only boiled water at summer resorts.
- 8—Do not eat the skins of fruits.
- 9—Wage a persistent battle against flies in your home.
- 10—Do not put too much store by the "guaranteed under the pure food and drug act" label. The government does not guarantee these wares.

ments and the veterans of Sedgwick Post will furnish the program.

**Missionary Meeting**  
Tomorrow afternoon the Women's Missionary Society of the First Christian church will hold its regular meeting at 2:30 o'clock in the Sunday school room of the church.

Mrs. Paul E. Wright will be the leader and Miss Viola Hill, who was in Porto Rico for two years, will give a talk. All are cordially invited to be present, particularly strangers.

**Off for Camp Baldy**  
Wednesday morning at 5 o'clock a party of Santa Anas leave in automobiles for a stay at Camp Baldy. Some of the company will be gone two weeks, others a few days. Those planning to enjoy the outing are Messrs. and Mesdames J. W. Bishop, C. W. Riggs, S. W. Nau, Mr. and Mrs. L. J. Carden and daughter Helen, and Mr. and Mrs. George S. Smith, daughter Georgia, and Miss Alice Cranston.

**Flowers for C. of C.**  
C. Andri, Frank Cowlin and Mrs. Louise Brown have been contributors to the Chamber of Commerce. Mr. Andri brought in a basket of beautiful flowers. Mr. Cowlin presented some very pretty carnations, roses and dahlias. Mrs. Brown also contributed flowers, some fine large Shasta daisies.

**Birthday Surprise**  
Warren Fletcher and a number of his young friends happily celebrated his fourteenth birthday at the Fletcher home on West Walnut street last Saturday night. Shasta daisies and greenery were used to decorate the home. The affair was a surprise to Warren, having been planned and carried out by his unexpected guests. Games and the serving of ice cream, cake and fruitade made the evening pass merrily.

**Reception postponed**  
The reception for Rev. E. W. Koons and wife, of Korea, which was to have been given in the parlor of the First Presbyterian church on Wednesday afternoon has been postponed until a later date as Mr. Koons has not yet arrived in Santa Ana.

**Missionary Meeting**  
The Missionary Society of the First Christian Church will meet in the church parlors at 2:30 Wednesday afternoon. During the program hour Miss Viola Hill will talk upon Mission Schools and Education in Porto Rico. A social hour will follow.

**Fulton Go-Carts are built extra large and roomy and are comfortable for baby. Flexible springs absorb all shock. Prices, \$6.50 to \$18.50. Horton-Spurgeon Furniture Company.**

**DANCE**  
At El Toro Saturday night. Good music.

**BORN**  
WELLS—In Santa Ana, on July 7, 1913, to Mr. and Mrs. Glenn Wells, a son.

**Bible Study Series**  
The pastor of the Immanuel Baptist church has arranged for a series of Bible studies on Tuesday evening of each week through the month of July, and a cordial invitation is extended to all to attend. Come this evening at 7:30 and bring your Bible.

**Meeting Postponed**  
The meeting of the Sunshine Society which was to be held tomorrow at the home of Mrs. Chas. Tibbets on West Fourth street, has been postponed for one month.

**Will Speak in Tustin**  
The Tustin Advent Church will be addressed by R. O. R. Jenks of Aurora College, Ill., on topics of interest on Wednesday evening, July 9, at 7:30 p. m. at the church in Tustin. All are invited to hear Rev. Mr. Jenks in his address.

## Personals

Mr. and Mrs. R. E. Reid have returned to their Tustin home from a trip to San Francisco.

Mrs. J. J. Tavis, whose husband is the local agent for the Salt Lake road, left for Denver, Colorado, yesterday. She will spend the summer there.

Mrs. M. M. Melcher and Mrs. Fred Zimmer of West Seventeenth street left yesterday for a couple of weeks' visit at Ocean Park with friends.

Mrs. R. L. Taylor, mother of Mrs. Louise Scarborough, and Misses Mary and Laura Taylor, left for her home in the east last Saturday after a several weeks' visit with her daughters here.

Mr. and Mrs. Horace McPhee were over Monday visitors in Los Angeles at the home of their daughter, Mrs. Laurence Bristol.

Mrs. G. D. Campbell of 808 E. street was taken suddenly ill yesterday afternoon and for a time her life was despaired of. Dr. Dryer was called and pronounced it ptomaine poisoning.

Mrs. Campbell became better about midnight and this morning is resting much easier.

Mrs. E. B. Burns and children and Mrs. Louise Scarborough are at Catalina Island.

Mr. and Mrs. H. H. Andrews have started East for a summer's stay. They will visit New York, Buffalo and other New York state points.

Rev. Mahlon J. Williams of San Francisco arrived today for a ten days' visit with his uncle and aunt, Mr. and Mrs. Thos. N. Trickey of South Broadway.

Miss Mary Graham of Los Angeles was a guest for several days last week of Miss Grace Talcott on Spurgeon street. They spent the Fourth at Balboa and Saturday at Laguna. Miss Graham returned to her home Sunday night.

Mr. and Mrs. W. Frank Harris and daughter, Marie, and Mr. and Mrs. J. Wiley Harris have taken apartments at the Young in Los Angeles for this week. They will attend the International Christian Endeavor Convention meeting in Los Angeles this week. They motored to the city today.

**Card of Thanks**  
We wish to express our thanks and appreciation to the many friends who so kindly assisted us during the illness and death of our dear husband and father. We are grateful for the kind words of sympathy and for the beautiful flowers. God bless you all.

MRS. HUGH MCINTYRE,  
R. J. MCINTYRE and WIFE,  
MARY and AGNES MCINTYRE.

**—DON'T use a cough medicine containing opium or morphine. They constipate the bowels and do not cure, only stifle the cough. P. A. Efrid, Conejo, Calif., gives a pointer for others to profit by. "I have sold Foley's Honey and Tar Compound, also other lines of cough medicine for a number of years, but never used anything but Foley's Honey and Tar Compound for myself or family, as I find it produces the best results, always cures severe colds, and does not contain opiates." Rowley Drug Co. and White Cross Drug Co.—Advertisement.**

**The coolest spot is your veranda—if you have it equipped with porch shades. Good porch shades keep out the glare of the sun, give privacy yet admit the air. We sell them at \$1.50 upward according to width. Horton-Spurgeon Furniture Company.**

**Hints on Exercise**

Exercise favors the growth of bone and muscle. It quickens the elimination of waste products. It accelerates the work of the liver, the lungs, the skin and the kidneys. It makes more active the brain. It brightens the eye, clears the skin and tones up the whole organism. The appetite is made keener and digestion is aided by a greater appetite for food.

But while exercise is absolutely necessary to health and to a perfect digestion, it does not always achieve this end, as for instance, when it is taken too soon before or after meals, should exercise immediately preceding or following a meal, one hour before and two hours after eating being the better time. It is fairly safe, however, to fix the time preceding a meal at one hour, for the stomach is then somewhat empty.

**Way Out**  
The easiest way to avoid argument over the pronunciation of a word is to use a synonym, as those who say "station" instead of "depot" know. But few would go so far as the carpenter who, in conversation with a friend on a street car, answered a query as to his work by saying: "I'm working in one of those automobile bars."

**No Grief About It**  
Marks—"My dear aunt had not been dead 24 hours when her parrot died too." Parks—"The poor bird died of grief, I suppose?" Marks—"No, Poison," Boston Transcript.

**FOR SALE**—Local baled alfalfa and barley hay, \$18.00 per ton. R. L. Tedford, 613W2.

## CLEANING COMPANY TO MAKE IMPROVEMENTS

The Crystal Cleaning Company is planning to have a new building erected in the near future that will be specially planned to meet its needs as a home for its business. L. B. Babbitt, who has been the owner of the business for the past two years, has recently incorporated, and if present plans are carried out, the newly formed company will make many improvements. New equipment for dry cleaning carpets and rugs and additional apparatus for cleaning and pressing clothing by the newest modern methods, will be installed.

The Crystal Cleaning Company is capitalized at \$10,000 and the following is a list of the directors: L. B. Babbitt, J. W. Babbitt, F. D. Preston, S. C. Briggs and Nelson Stafford.

**Out of the Distograph**

"My son," said Dug Watson to his oldest boy, "don't pose and assume to be a superior being, while you are courting Sallie Hankins. Persuading a girl that you are her ideal is almost sure to invite her just resentment later on."

People get over enjoying highly romantic novels the same as they get over liking nursery rhymes. You can come pretty near guessing a woman's age if she will tell you honestly who her favorite author is.

There are things that even conscientious effort cannot accomplish. The harder some men try to sing the worse it sounds.

Grandpa Minticker, who is eighty years old, says he can't see why there should be any fuss about women smoking cigarettes. He has known a number of perfect ladies who dipped snuff.

"Does your daughter play by note?" "No," answered Si Smiling, "she plays by ear. We are buying the piano by note."

**Valuable Find Came Too Late**

The irony of fate was exemplified at Manhattan, Cal., recently. After working incessantly and alone for two years in a mine in which none but he had faith, a man named Hubley was killed by a cave of rocks and debris, estimated as weighing forty tons. The same fall of earth that crushed on his life uncovered the very ore body he had been seeking with such dogged persistence. The ore is some of the richest ever discovered in the district.

**Surprise Boxes**

A young woman in an eastern city makes her living and a good one at that—by the sale of "surprise boxes." These are for children, and are arranged to suit individual tastes. For instance, a little girl fond of dolls might find in her box a whole family of paper dolls and paper furniture enough to furnish a whole home. These boxes afford ideal entertainment for youngsters on long journeys, birthdays, rainy days or convalescence.

**Addressed to the Toothache**  
My curse upon the venom'd stang,  
That shoots my tortured gums along;  
And thro' my lugs gives money a twang,  
Wi' gnawing vengeance  
Tearing my nerves wi' bitter pang,  
Like racking engines!

When fevers burn, or ague freezes,  
Rheumatics gnaw, or cholic squeezes;  
Our neighbors' sympathy may ease us,  
Wi' pitying moans;  
But thee—thou hell o' a disease,  
Aye mocks our groans!

Adown my board the slavers trickle;  
I kick the we stools o'er the mickle,  
As round the fire the gilets keekle,  
To see me loope;  
While, raving mad, I wish a heckle  
Were in their doup.

O' a' the num'rous human dools,  
I'll har'sts, daft bargains, cuty-stools,  
Or worthy friends rak'd i' the mools,  
Sad sight to see!  
The tricks o' knaves, or wash o' fools,  
Thou bear'st the gree.

Wh'er that place by priests ca'd hell,  
Whence a' it is some o'mis'ry yell,  
And rank'd plagues their numbers tell,  
In dreadful row,  
Thou, Toothache, surely bear'st the bell,  
Among them a'!

O, thou grim mischief-making chiel,  
That gars the noes of discord squeel,  
Till daft mankind ad' dance a reel  
In gore a shoe-thieck;  
Gie a' the faes o' Scotland's weal  
A townmond's Toothache.

—Robert Burns.

## ENDEAVOR CONVENTION OPENS THIS EVENING

Large Delegation Will Attend From Orange County; Excursion This Way Planned

Great preparations are being made in Los Angeles for the opening of the twenty-sixth International Christian Endeavor convention tonight at 8 o'clock, in the Fiesta Park auditorium with a grand concert by the immense chorus of 1000 voices and the orchestra of sixty instruments.

The annual meeting of the United Society of Christian Endeavor for the election of officers and the transaction of all business matters comes Wednesday at 2 p. m. in the assembly room of the Hotel Alexandria, followed at 3 p. m. by the annual meeting of the board of trustees and field secretaries.

The first official session of the convention opens Wednesday evening in the Fiesta Park auditorium with addresses of welcome by Mayor Rose of Los Angeles and Rev. Wm. Horace Day of the First Congregational Church, representing the city churches. President Francis E. Clark of the United Societies will give the response.

The meetings will be held in Fiesta Park, Temple Auditorium and the various designated churches. They will last from tomorrow, July 9, to Monday, July 14.

The final service will be held in Fiesta Park auditorium and will be closed with a farewell message from the pastors of the city by the Rev. J. Whitcomb Brougher, pastor of the Temple Baptist Church, and an address by President Clark.

A large number of Orange County people are expected to attend the convention. Most of the local delegation will stop at the Morgan Hotel while in Los Angeles. The county will have a booth in the convention headquarters and also a day will be set aside in honor of the county, on which it is probable that an excursion will be run down through the county.

**California Inventors**

The following patents were just issued to California clients reported by D. Swift & Co., patent lawyers, Washington, D. C., who will furnish copies of any patent for ten cents apiece to our readers:

Lawrence P. Bailey, Mountain View, adjustable hose holder; Helen M. Bell, San Francisco, supporting device; Samuel J. Bens, Fruitvale, toilet paper holder; Bonery, Weaverville, mining sluice; Robert W. Brittain, Klamath, French; John A. Cardinell, San Francisco, machine for sharpening razor blades; Joseph F. Clapp, Los Angeles, cableway; Hugh T. Clark, Vallejo, lubricator; James M. Currell, Paso Robles, well drill; B. Falkenberg, Onario, heating unit; Clifford D. Freeman, Bogus, spring wheel; Edward N. Mills, San Francisco, pneumatic elevator door controller; Cornelius J. O'Reilly, Los Angeles, fruit picker's receptacle; Wm. B. Smith, Gardena, double water scoop.

**New Method Gas Ranges save 25 per cent on your fuel bill. We have all sizes and all are very moderate in price. Horton-Spurgeon Furniture Co.**

## MARTIN SAFE AND MACHINE NOT BADLY DAMAGED IN FALL

Word has come from Glenn Martin, the aviator, to his mother, Mrs. C. Y. Martin, saying that he was uninjured in his accident yesterday when he was flying over Lake Michigan at Chicago. At the time of the accident Martin was flying about fifty feet above the water when he fell. Both Martin and Charles Day, who was with him testing out the hydro-aeroplane, were rescued by pleasure craft.

One pontoon of Martin's plane was crushed and a few minor injuries were sustained but no great damage was done to the machine.

Martin stated the machine will be in the air again in a couple of days.

Attend Orange Co. Business College.

## PICTURES OF CAMP TONIGHT

Rally to Be Held to Explain Some of the Good Points of Y. M. C. A. Outing

Photographs taken at the County Y. M. C. A. Camp last year will be shown tonight by means of the reflectoscope in the Sunday school room of the First Congregational Church, Mr. Hamilton, county secretary of the Y. M. C. A., who had charge of the camp last year, will explain the views and tell of the plans for this year's camp. Parents as well as boys are invited to attend.

The camp for the younger boys will be held August 6-18 and for the older boys from August 29 to 30. Both of these camps will be held at White's Landing on Catalina Island, where they have been held for the past five years. Provisions have been made for eighty boys from this county, and enrollments should be handed in by July 19 for the first camp and by August 1 for the older camp. A good group of leaders have been secured, among them being Ernest Crozier Phillips, Nelson Veenschoten, George Oertly, Bernhart Oertly, Glenn Tidball, Louis Plummer, and Vern Brown.

Last year Mrs. J. N. Anderson was one of the visitors to the camp. The following letter from her will be of interest to see what she thinks of the camp:

"We were so well pleased with the outing that our boys had at Camp Wilkie last year that we want to have them go again this year, and so I am sending you the deposit money and hope that you can put their names on your list. When I visited Camp Wilkie one day last year I was pleased to find an ideal camping place and all conditions as nearly perfect as could be. I was satisfied that any boy could find both pleasure and profit there and be perfectly safe under the care of the many leaders in whose charge they were placed, men whose lives and teachings should be an inspiration and who seemed to take every care possible of the boys in their charge."

## PEACE CENTENARY TO BE CELEBRATED

England and U. S. to Join in Great Exposition in London From May to Oct., 1914

Under the patronage of the Duke of Connaught, and the honorary presidency of the Duke of Teck, will be held an Anglo-American exposition (May to October 1914) in London, in the permanent exposition grounds and buildings covering 150 acres, in celebration of the centenary of peace between the two nations, dating from the Ghent treaty in 1814, and to demonstrate the progress which has been made during that century in the arts, sciences and industries by the people of both countries.

Thus will be unfolded the rich treasures of a hundred years of British and American art.

A hundred years of the history of the two nations—their famous statesmen, authors, artists, inventors, philanthropists, financiers, merchants, manufacturers, and others. Men and women who have helped in the advancement of civilization and in making each nation what it is today will be represented, with such objects of historical interest as are associated with them and their times.

A hundred years of advancement in education, science, literature, inventions and productions, improvements and comforts in social life, betterment of the working men and women. In placing before the world the outcome of their intellect and genius what a great opportunity presents itself of showing in practical ways the advancement in navigation, in railway transport, in girder, suspension and cantilever bridges. The use of steel in architecture, the boring of tunnels, underground and overhead railways, aqueducts, lighthouses, the work of the Panama canal. Printing from the simple hand press to the modern rotary presses, turning out many copies of newspapers per hour. Lithography, electricity, electric and hydraulic power, coal, gas and electric light, the storage of power, pneumatic dispatch, the telephone, telegraph, wireless, phonograph and gramophone, photography from the daguerotype to colored photography—cinematography, and kinematograph—the invention and erection of new metals, the advancement in mining, the utilization of rubber, recording instruments of all kinds, the diotype, calculating devices, the great advance in agricultural machinery and all kinds of labor-saving devices, the marvelous achievements in chemistry—in fact, the harnessing of the very elements for the use and comfort of the nations.

If seven doctors had told you, as they did C. E. Blanchard of La Grange, Calif., that you had but a short time to live on account of kidney trouble, what would you do? He says: "I had kidney trouble so bad, that I had to go to the hospital. Had seven different doctors, and they said I had but a short time to live. I took Foley Kidney Pills and they completely cured me and I can not speak too highly of them." Cost less than the doctors, but accomplish more. Contain no habit forming drugs. Rowley Drug Co. and White Cross Drug Co.—Advertisement.

## TAKES BRIDE IN MISSOURI

Popular Orange Postal Official Surprises Friends; Joint Fythan Installation

By Staff Correspondent

ORANGE, July 8.—Walter V. Crane, a well known local man, was wed yesterday in Kansas City, Mo., to Miss Mabel Smith of Carrollton, Mo. Word of his marriage was received last evening by his mother, Mrs. Ellen Shufelt, of 123 South Cypress street.

Mr. Crane, who is a popular clerk at the Orange postoffice, surprised his friends in thus joining the ranks of the benedicts, as no one here was aware of his intentions. He left for his annual vacation a few days ago, stating that he was going to San Francisco and Phoenix, Ariz.

Mr. and Mrs. Crane will make their home in this city. Mr. Crane has been connected with the local postoffice for several years and enjoys the respect of a wide circle of friends and acquaintances.

A joint installation of the Pythian Sisters of Orange and Anaheim lodges was an impressive event of last evening in this city.

The K. of P. Hall was prettily decorated with baskets of hydrangeas and those who participated in the exercises were gowned uniformly in white, making a pretty picture.

The installation was in charge of Mrs. Hedges of Anaheim, assisted by Mrs. Angle and Mrs. McCann with the Anaheim degree staff. Their ability was most evident and delighted the on-lookers.

The officers of Orange lodge are: Mrs. Deetle Gardner, P. C.; Mrs. Nellie Houts, M. E. C.; Mrs. Adda Kienhaber, E. C.; Mrs. Elsie Wood, E. J.; Mrs. Allie Moore, manager; Mrs. Henrietta McCarthy, M. of R. and S.; Miss Iva Reeves, M. of F.; Mrs. Cecil Bonebrake, musician.

The installation exercises were followed by a most delicious two-course banquet which was a fitting close to a most enjoyable evening.

Mr. Kerr and Mr. Savage of Aurora, Neb., were in Orange yesterday visiting with old Nebraska friends.

Mrs. Margaret Jasper is enjoying a short outing at Newport Beach.

Miss Edna Wright left last evening for Pasadena, to spend two weeks with her friend, Miss Jennie MacAdian.

Mr. and Mrs. F. L. Ainsworth, Misses Mae and Mary Ainsworth, Miss Ruby Hostetler, Mrs. Alice Jamison and son Neil, are spending today in Los Angeles. They will attend the big Christian Endeavor concert this evening.

The El Modena school trustees met Saturday and opened bids on the old school buildings and site. The old building and all the six lots were awarded to David Hewes for \$1525.

C. Roelands secured the small building on a bid of \$29.

Hubert C. Phillips of San Pedro, formerly of this city, is visiting here for a couple of days.

The Presbyterian Christian Endeavor Society will hold a social this evening at the Henry Campbell home on South Cambridge street.

Mrs. D. M. Thomas of Los Angeles, and her niece, Mildred Thomas, of Portland, Ore., have been visiting at the R. W. Jones home in El Modena, also visiting at Laguna while here. They left Saturday.

Mrs. M. C. Brown of Los Angeles was expected last evening for a visit with friends in El Modena.

Mrs. G. B. Lancaster has returned home after a week's visit in Altadena with her parents, Mr. and Mrs. Frank Crawford.

Mrs. J. R. Fletcher of El Modena expects the arrival today of her niece, Miss Jeanette and Catherine Stewart of San Luis Obispo. Miss Catherine Stewart is about to start for India where she will join her sister in Presbyterian missionary work, at Kohlapur, India.

W. H. Flippin of El Modena, has just purchased a fine new Overland automobile.

The directors of the Sunset Fruit Exchange held a regular meeting yesterday at their offices in the Elben & Grote block.

Miss Grace Lee left yesterday for Coyote to spend a few days.

Mr. and Mrs. D. C. Pixley and daughters, Misses Frances and Alma, and J. P. Boring have returned from a three days' visit at Forest Home.

Mr. and Mrs. H. K. Small and Mr. and Mrs. Ernest Small motored down from Riverside to spend a few days with Mr. J. P. Small at 1441 East Pinyon avenue.

Fred Blank was returned to MeKittrick after spending several weeks in Orange.

A. C. Shannon of Globe, Ariz., has accepted a position at the Enterprise Barber Shop.

Mrs. Rosie Gearhart has gone to Fremont for a visit with her son.

Mrs. E. Van Skike of 524 East Almond street is entertaining Miss Susie Geiger and Miss Sarah Hubertus of Anaheim.

J. B. Wiedler has been spending a few days at Whittier with his wife, who is ill at her mother's home. He is expected home today.

Hubert Tooman and sister, Miss Alice Tooman, of Bakersfield, are spending a few days with Gerald Goddard. They were friends in Arkansas City, Kansas.

Mr. and Mrs. Fred Crane of Phoenix, Arizona, and Mrs. Crane's sister, Miss Bernice Ratt, of Minnesota, visited relatives here the last few days. They were on their way to San Diego.

For Cuts, Burns and Bruises

In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of burns, cuts, wounds or sores. J. H. Polanco, Del Valle, Tex., R. No. 2, writes: "Bucklen's Arnica Salve saved my little girl's cut foot. No one believed it could be cured." The world's best salve only 25c. Recommended by all druggists.—Advertisement.

## AT THE COURTHOUSE

THEY SUE ON  
SCHOOL JOB

Two Firms Say They Were  
Never Paid for Work on  
Placentia Grammar

Declaring that they were never paid for the work done and material furnished by them as subcontractors and materials used on the annex to the Placentia grammar school, two firms are represented in an action brought today against J. M. Thomas, the contractor, and the National Surety Company which went on Thomas' bond.

The Santa Ana Artificial Stone & Pipe Company brings the suit, with Williams & Rutan, attorneys. Thomas had the general contract at \$7500. The stone company furnished the artificial stone work. Its bill was \$230, of which \$142.30 has not been paid. The company also sues as assignee of the Gibbs Lumber Company, which has \$230.15 unpaid on a materials bill of \$371.95. Judgment for \$372.45 is asked.

**For Guardianship**  
Mabel A. Young has petitioned for letters of guardianship on the estate of Louise W. Young, aged 10, her daughter. The estate consists of real estate left to the minor by her father, Frank Young. H. C. Head is attorney for the petitioner.

**For Adoption**  
Albert H. Sifton and his wife of Fullerton have petitioned to be allowed to adopt Arthur G. Cassidy, aged 7, an orphan. Head & Marks represent the petitioner.

**Case is Now Ended**  
After nearly four years in the courts, the case of the Southern California Music Company against M. W. Skinner of Anaheim is ended. It was brought to a close this morning when a judgment of \$500 was stipulated by attorneys J. E. Powers of Los Angeles for the plaintiff, and F. C. Spencer of Anaheim for the defendant. In 1910 judgment was entered

by Judge Oster for the plaintiff for \$438. An appeal was taken by Skinner and a new trial ordered. Today when the case came up for trial both sides agreed to let judgment for \$500 be entered, interest since 1910 bringing the original judgment to about that amount. The suit was over a piano sold to Skinner.

**Charge Insanity**  
Tomorrow morning Mary Jones, who lives northeast of Santa Ana, is to be given a hearing on a charge of insanity.

**Adoption Granted**  
Today Judge West granted the petition of J. A. and Ella Chitty to adopt Minnie Miller Clark.

**Oath of Office**  
Today George McPhee took his oath of office as county sealer of weights and measures, to which office he was appointed last week by the supervisors. His work begins Aug. 10.

**Asks Permission**  
The Salem Church of the Evangelical Association of Anaheim has petitioned the superior court for permission to mortgage its property for \$3000. An addition to the church is to be built.

**Marriage License**  
Elford C. Baxter, 47, of Anaheim, and Mamie McPheon, 49, of Pasadena.

A marriage license was issued in Los Angeles yesterday to Leonard D. Philpot, 36, of Santa Ana, and Mary A. Everett, 36, of Pasadena.

ROOSEVELT LEAVES  
FOR WEST ON  
VACATION TRIP

NEW YORK, July 8.—Colonel Roosevelt left this city yesterday for the "Wild West," to be gone for two months. He announced just before departing that his trip is the beginning of a vacation much needed and long anticipated. The Colonel was accompanied by his two sons, Quentin and Archie.

Colonel Roosevelt made it known several weeks ago that he was going to take a vacation—a quiet journey untroubled by any strenuous side issue like hunting big game. During the Colonel's stay in the West the designations for the mayoralty will be made but he will have returned to the metropolis before the primaries take place.

He is bound for the Arizona desert, thence the Colorado Canyon. His address for a week will be Hotel El Tovar, Grand Canyon, Arizona.

## Rid Your Children of Worms.

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brehm, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail. Price 25 cents. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. Advertisement.

INDIAN LANDS WILL BE SOLD  
AT AUCTION IN 80-ACRE TRACTS

GOLDENDALE, Washington, July 8.—Five hundred and twenty acres of agricultural lands, the property of non-compotent or deceased Indians, will be sold at auction here July 21 by Superintendent Carr of the Yakima Indian agency at Fort Simcoe. The land, which is appraised at \$26,000, will be sold in 80-acre tracts.

Santa Ana Painless Dentists, 102½ East Fourth St. Main 253.

## Water Is King! Layne Centrifugal Pumps

The most economical means yet devised for pumping water for irrigation purposes

THE PUMP WITHOUT A PIT—NO CAVE-INS—NO DEATH TRAPS—A PUMP TO MEET EACH AND EVERY SEPARATE CONDITION—A SPECIAL PUMP FOR EACH DIFFERENT REQUIREMENT.

The Layne Pump Possesses the  
Following Cardinal Features

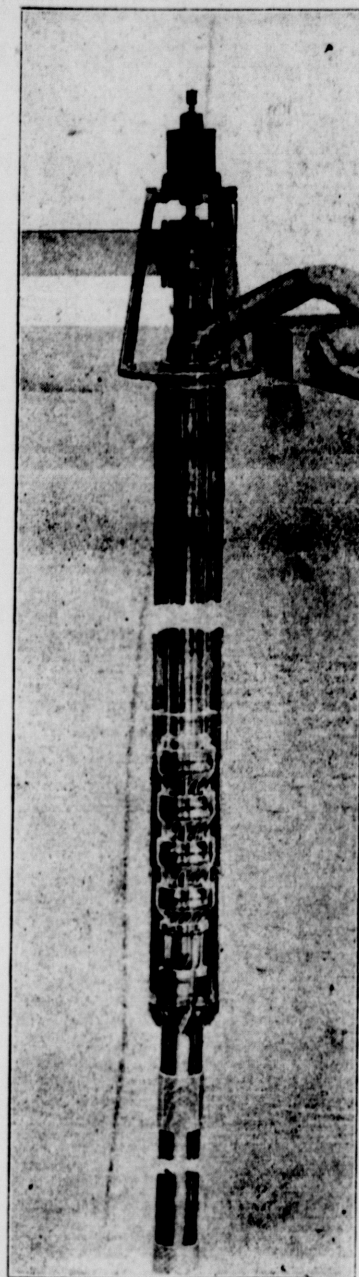

Runs submerged.  
Has no foot valves.  
No suction troubles.  
No unbalancing possible.  
All bearings enclosed from water and grit.  
No stuffing boxes.  
Needs no priming.  
No pits necessary.  
No mechanism necessary to adjust runners.  
Absolutely unaffected by sand.

Gives More Water at Less Expense Than Any  
Pump Now in Use.

A Few Advantages of the Layne  
Centrifugal Pump

They are made in Southern California.  
They are built to meet our home conditions.  
Parts are always available.  
No expensive installation charges.  
Lowest cost of upkeep.  
The life of Layne pumps is longest.  
A special pump for each requirement.  
We put in any size casing from 10 to 30 inches.  
Lift water any depth up to 500 feet.

All the moving parts of the pump with the exception of the runners, work in an oil bath—water cooled.

Here Are a Few of the Layne &  
Bowler Pumps and Wells Recently  
Installed in Orange County

C. A. Westgate, 3 miles northwest of Santa Ana—16 inch Layne pump installed at a depth of 60 feet, delivers 135 inches of water.

E. G. Holmes, Red Hill Ranch—12 inch Layne pump installed at depth of 95 feet delivers between 90 and 100 inches of water.

The Irvine Co., San Joaquin Ranch—24 inch Layne Centrifugal pump installed at depth of 35 feet.

Geo. W. Birch, 1½ miles north of Orange—Has just installed Layne pump in 12 inch well which has doubled his water supply. Was getting 25 inches, now gets 50 inches.

C. E. Utt of Tustin—Has in operation a number of Layne pumps, ranging in capacity from 50 to 150 inches of water.

E. G. Holmes, 1½ mile north of Orange—12 inch Layne & Bowler well and pump complete. Depth of pump 125 feet, will develop 100 inches of water, which is an exceptionally good well for that locality.

The Walker, Harris, Fields and Allen Plant, Villa Park—14 inch Layne pump installed at depth of 250 feet, delivers 50 inches of water.

A. Schieldmeyer's, Villa Park Ranch—12 inch Layne pump installed at depth of 160 feet, capacity not tested, estimated at 50 inches.

Los Alamitos Sugar Factory—We just installed a Layne & Bowler well and pump complete for this company. Well flows 100 inches, pump delivers 273 inches.

Our Orange County field representative takes care of all pumps installed by us.

Write for our new Catalogue No. 50 **LAYNE & BOWLER CORPORATION** 900-910 Santa Fe Ave., Los Angeles.

BOARD HOLDS  
PAVING RIGHT

Protests Against West Chapman Job Overruled by Orange City Trustees

ORANGE, July 8.—Too soft or not too soft was a subject up for discussion at a meeting of the city trustees yesterday. The city trustees seemed to be satisfied that not too soft was the proper verdict, for it ended the discussion by overruling remonstrances that were up for hearing.

The occasion was the hearing of protests filed by eleven property owners against the character of the surfacing of the paving on West Chapman avenue. Several of the property owners were heard. They said the asphaltic surface is so soft that buggies cut it and a horse's hoof digs it easily. Engineer Bonebrake, Street Superintendent Dalton and Inspector

Buchanan all said the street was paved according to specifications. Buchanan said that the finish was the best. He quoted Inspector Cogburn of Santa Ana as saying the high penetration finish was best because the low penetration stuff is too brittle. Buchanan said the soft surface would wear better than a hard surface.

Mrs. W. H. Clayton appeared as agent for Mrs. Mary Thomas to protest against the paving. E. R. Werdin said that Coleman Travis, brother of Mrs. Thomas, had told Cashier Porter at the bank that the bill should be paid right away. Mrs. Clayton declared that she was agent. Porter was summoned, and he upheld Werdin's statement. That seemed to end the Clayton protest.

The hearings ended with a motion overruling the protests.

ALLEGED WHOLESALE  
MURDERER WAS  
JUST PLAIN LIAR

LOS ANGELES, July 8.—That his seven alleged slayings were a fiction invented in the hope that when he was brought to trial he would be freed on a less serious charge, was admitted last evening at Venice by S. P. Helfinstine to Sheriff Hammet. Helfinstine was arrested at Venice Saturday night on a charge of having uttered two spurious checks on Japanese curio dealers at the beach resort, one for \$12,000 and the other for \$14,000.

Two large holes were shot in the pretended confession yesterday when it was learned that Earl Butler is living at Garden Grove. Helfinstine asserted that he ended the life of Butler at Renton Pike, Ohio, in 1896.

It was also learned that A. C. Fletcher, whom Helfinstine declared was one of his victims, lost his life at a railroad crossing in an accident at Renton Pike.

GOODWIN'S CAFE LICENSE  
SAID TO BE IN DANGER

SANTA MONICA, July 8.—Nat C. Goodwin was last night cited to appear before the city council of Santa Monica to show cause why his cafe license should not be revoked. So also were the proprietors of the Sunset Inn and all the other liquor-selling cafes of Santa Monica.

The Santa Monica ordinance regulating cafes forbids the sale of liquor after midnight. The police commission issued an order that on the nights of July 4, 5 and 6 they would be permitted to sell bottled enthusiasm until 1 o'clock a.m. They sold ... and last night the city council issued the citation against them.

## Unsightly Face Spots

Are cured by Dr. Hobson's Eczema Ointment, which heals all skin eruptions. No matter how long you have been troubled by itching, burning, or scaly skin humors, just put a little of that soothing antiseptic, Dr. Hobson's Eczema Ointment, on the sores and the suffering stops instantly. Healing begins that very minute. Doctors use it in their practice and recommend it. Mr. Allenman, of Littleton, Pa., says: "Had eczema on forehead. Dr. Hobson's Eczema Ointment cured it in two weeks." Guaranteed to relieve or money refunded. All druggists, or by mail. Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis. Advertisement.

Strictly home made bread and pastry. Delivered. Call Murphy, 492J.

REPORTS FIRE  
IN THE HILLS

Forest Ranger Took Force of  
Men to Fight Flames That  
Started Sunday

SAN JUAN CAPISTRANO, July 8.—A fire has been raging in the mountains at the south edge of the county, and two or three dozen have been engaged in fighting it. Today it is thought that the fire is under control.

The smoke was sighted Sunday from the federal lookout station on Santiago Peak, and word was immediately telephoned to Forest Ranger Stephenson at El Toro and County Fire Warden Adkinson in the Trabuco canyon. Stephenson got twelve or fifteen men from here to go with him to the place. The fire seems to have started near the Mesencamp apiary.
